## Motorway

### Coming from the A40

From Essen, keep right and follow the A448. If you are coming from Dortmund, take exit 32/Bochum-West junction. Follow the A448 and exit at Ruhr University, then turn right onto Universitätsstraße. Take the Universität-Ost/Botanischer Garten/Fachhochschule exit. Continue straight ahead onto Schattbachstraße and follow the directions.

### Coming from the A43

Turn right onto the Universitätsstraße. Then take the Bochum-Querenburg/Hustadt exit. Turn left onto Hustadtring and then turn right to follow the road towards Technologiequartier. Then turn left onto Lise-Meitner-Allee. Turn left onto Konrad-Zuse-Straße and follow it to the Fraunhofer IEG entrance.

## Public transport

You can reach the Fraunhofer IEG by either the U35 underground or the 346 bus.

### U35 - Campus Line

From Bochum Central Station, take the CampusLine U35 towards Hustadt to reach the institute. Travel to the Lennerhofer stop. Once you reach the top floor of the lift, bear left.

Follow the »Im Westenfeld« road until you reach »Lennerhoferstraße«. From there, you can access the »Am Hochschulcampus« road via the university grounds. Turn left at the barrier and follow the map.

### Line 346

Travel to the »Fachhochschule« stop. The barrier is located diagonally opposite. Then follow the plan.

## Cars and small vans < 7.5 t

Please use the »Auf dem Kalwes« entrance and follow the route via Südstraße and Nordstraße to reach the visitor car park. There is also a disabled parking space there. You can drive post, parcels and small deliveries up to the loading zone, which is located between buildings G2 and G3.

## Truck and delivery to drilling site

Please use the »Auf dem Kalwes« entrance and drive along Südstraße until you reach the end of the crossing. Report to your Fraunhofer contact there. Do not continue along Nordstraße, as there are limited turning options there.
